LINEAR LIGHTING

The HB-Series LED linear luminaires utilize patented Precision Optical Performance technology for efficient light distribution. The HB-Series allows for a seamless retrofit of the existing fluorescent or HID lights. Quick and easy installation.

PRODUCT DETAILS

Intended Use

The HB-Series LED linear luminaires are designed for new construction or retrofit projects.

Construction & Materials

High quality aluminum rail incorporating heat sink technology, shatter proof optics, high impact resistant mounting clips.

Optical System

Patented Precision Optical Performance (P.O.P.) technology. Several different wide and narrow light distribution options available.

Electrical System

Class 2 low voltage power supply; Input voltage 110V-277V

Installation

Quick and easy installation using the mounting clips provided. Light weight of the luminaire facilitates an easy and cost-effective install.
