The R-Series LED reach-in door EndLite fixtures utilize patented Precision Optical Performance technology for efficient light distribution across the entire door. The R-series works great on new OEM cases or as a seamless retro-fit of the existing fluorescent lighting.

**PRODUCT DETAILS**

**Intended Use**
The R-Series LED EndLite refrigeration vertical door lights are designed for new OEM cases or retrofit projects.

**Construction & Materials**
High quality aluminum rail incorporating heat sink technology, shatter proof optics, high impact resistant mounting clips.

**Optical System**
Patented Precision Optical Performance (P.O.P) technology. EndLite optics diffuse the light evenly to the center of the door from top to bottom.

**Electrical System**
Class 2 low voltage power supply; Input voltage 120V-277V

**Installation**
Quick and easy installation using the mounting clips provided. Light weight of the luminaire facilitates an easy and cost-effective install.

**Listings**
UL Listed
RoHS Compliant
NSF Listed
DLC Qualified

**Warranty**
The R-Series LED lighting products come with a five year warranty for parts manufactured by Innovative Lighting, LLC. Standard terms and conditions apply.

* Efficacy values are for 751-50XX-4-2 2-Door Kits consisting of one 734-50XX-1 right side fixture, one 734-50XX-1A left side fixture, one 751-50XX-1 center fixture, and one 750-9994-1 power supply.

Notes:

• 734-5072-1/1A and 734-5060-1/1A are DLC Qualified for a 120V input voltage when used as part of a 751-50XX-4-N Vertical Door Kit.
